

# She's Got A New Spell

Billy Bragg

## Acoustic Part

G C D G C D

What is that sound? Where is it coming from?

All around. What are you running from?

Something you don't understand; something you cannot command

That's how I know she's got a new spell

Yes, that's how I know that she's got a new spell

What's going down? Who's moved this room from round me?

Where has it gone? I fear this night will drown me.

So I lie awake all night 'cos I can't sleep with something I can't fight

She's got a new spell

Yes, that's how I know that she's got a new spell

The laws of gravity are very, very strict

And you're just bending them for your own benefit

## The break - Electric solo goes here.

G C D / G C D / Em D G / C Am / G C D / G C D / Em D G

The laws of gravity are very, very strict

And you're just bending them for your own benefit

"A minute," she says. She's gone to get the cat in

The next thing I know, she's mumbling in Latin.

She cut the stars out of the sky and baked them in a pie

That's how I know she's got a new spell

Yes, that's how I know that she's got a new spell

She stole the scene and the scenery

The script and the machinery

That's how I know she's got a new spell

Yes, that's how I know that she's got a new spell
